Model # AEN-U25H

Package Contents:

- USB 2.0 Enclosure Box
- USB 2.0 Cable
- Quick Installation Guide
- Anti-Shock Patch

Section 1

Hard Drive Installation

Step 1 Remove the two screws on the Enclosure Box, and detach the rear cover.

Step 2 Attach a 2.5" hard drive to the circuit board's IDE connector with the label of the hard drive facing up. Make sure the IDE pins are fully inserted..

Ver. 1.0 **Step 3** Attach the heat-resistant anti-shock patch to the top of your hard disk.

Step 4 Replace the circuit board and the hard drive back to the Enclosure Box, and fasten the two screws removed in Step 1.

Step 5 Plug the the mini type connector of the USB cable to the Enclosure Box and the other connector to your computer's USB port.

Congratulations! The hard drive installation is complete. This Enclosure box supports Plug and Play for Windows ME/2K/XP, so no driver installation is needed. You can go to our website to download the driver if needed.
